## ▶ CLASS NEWS

Last Friday, Kindy and Year 1 had a lot of STEM fun! Teams had to build a moving vehicle from nothing but rulers, paddle pop sticks, pegs and sticky tape rolls! STEM teaches more than just Science, Technology, Engineering and Maths. Students had to work as a team as well as show resilience and problem solving skills to achieve success. We had many moving vehicles by the end, with one team coming up with two different prototypes!

# P&C Newsletter

At the end of last term we had a very productive P&C meeting, our aim to is to try and make this term as positive for students and our community whilst keeping within the NSW health guidelines.

The P&C is your P&C, we are open to everyone being involved, we really do our best but without more input and energy we are limited. The school had generously funded some P&C items, (Canteen Air Con, end of year concert) meaning we have got funds available to spend on the students this year, and would love your ideas and input.

P&C meeting for Wednesday, planned for the Bowlo has been moved to a ZOOM MEETING (Wednesday at 6pm), please see Facebook for the login in details. We had hoped to create a more fun and social P&C meeting but due to COVID are having to play it safe.

Big thanks to Bunnings for the \$500 gift voucher which has allowed us to replace the canteen dishwasher!

Hope to see lots of  
you there on  
Wednesday  
Regards  
Simon & Shorty
